

The Questionnaire

KIT-Kyoto2012

1, When shopping, do you buy “not genetically modified food?”

[Always buy / Tend to buy / Hardly mind / Not mind / I have never seen such an indication]

2, Have you ever heard the word, “Synthetic biology?”

[YES/NO]

3, What do you associate with [genetic engineering and biotechnology]?

[Clone / GM crops (foods)/ DNA / Genome / Medicine / Cosmetic / Bioethics / Virus / Artificial Life/Biological weapon / iPS cells / ES cells / Biofuel / Gene therapy/ Others()]

4, What do you think about [genetic engineering]?

[Negative effects on the environment/Negative effects on people/Unethical conduct/Insufficient legal framework/Don't like science/Scarily/No negative effects on the environment or people/Useful/Not care/Other()]

5, What do you associate with [flies]?

[Dirty / Clean / Harmful / Useful / Cause of the disease / are used in the research of the disease / Flap wings are dissonant / Often see / Others()]

6, Do you know [leukemia]?

[YES/Only hear the word/NO]

7, Which do you guess [leukemia]?

[Little understand / Scary / Small number of patient / Incurable / Treatable / Get infected / Blood is white / By nature / bombed / bone-marrow bank / visitation is difficult / Cancer / asymptomatic ill / not lead a normal life/Anti-cancer drug/Other()]

8, Which do you guess [drug for leukemia]?

[Chemotherapy/Radiotherapy/Bone-marrow implant/Gene therapy/Incurable/Treatable/Have strong side effects/No cure/Expensive/Other()]

9, Which do you want to create [drug for leukemia]?

[Cheaper/Work at once/Don't need hospital visit/Effective in preventive replace/Limit leukocyte-cell overgrowth/Destruct leukocyte/Inhibit to create leukocyte/Obtund from activity of leukocyte-cell/Other()]
